

The Florida Sandplay Therapy Association Presents 2020-21 ONLINE Series

Jung - Now More Than Ever!

The Red Book

Man & His Symbols

Memories, Dreams, Reflections

INDIVIDUATION within the collective, global community

The global experience of the pandemic and renewed awareness of racial injustice has thrown us all into a new level of challenge, and the reality of facing dark and fearful times. However, these are also times for deeper individuation. In this training trilogy we will use Carl Jung's own journey through dark times and his personal experience with individuation as a basis for understanding our own such process within the current context. We will be using three sources of Jung's writings:

The Red Book, Man and His Symbols, Memories, Dreams, Reflections.

The workshops will include presentations on Jungian theory; discussion about Jung's life and personal work; reflections on Jung's images; consideration of Sandplay Therapy scenes within the Individuation Process; community discussions about our personal and professional journeys as clinicians during these challenging times.
